

Pimp my Bin is coming to Bedford again (this is BEDFORD ONLY), date currently 27th August only.

It's not normally an area we cover, but as Summer is well and truly on its way, we thought we would come and get your bins ready maggot free and fresh ready for the months ahead.

We have a fancy in-van water recycling cleaning machine, therefore very little water is left on-site and we leave your bins smelling fresh and sparkling.

We are fully insured and licensed to clean your dirty wheelie bins.

There are however a few things to consider:

- It is for **ONE-OFF CLEAN ONLY** for between 1-4 bins.
- If you have **ONE OF THE LARGER BINS**, let us know before booking please - it may not fit in the van.
- **RUBBISH MUST BE BAGGED** so we can easily remove, as it may not be your collection day.
- All bins must be clearly numbered and easy to locate (we sell bin numbers too).

✗ We are unable to clean your bins if you have double yellow lines or any type of **PARKING RESTRICTIONS OUTSIDE YOUR HOUSE**, or on some of the faster roads through the area, if you wouldn't park there nor can we - the only exception is if you have a driveway so we can pull off the road - if you are unsure give a message and we can check your location.

Please also note as per our standard terms:

✗ If you have split dog waste or nappies bags in the bin, we don't clean that, sorry - if we arrive and your bin looks like this, sadly no refund will be given.

Please join on the website - pimp-my-bin.com and fill in your details, then go back and book the advised date, the time doesn't matter as we will plan the route the day before, you are just booking a slot.

ANY QUERIES email chris.pimpmybin@gmail.com **BEFORE** booking.
